

Intelligent fiber-reinforced spiral tubing for surveillance

Intelligent fiber-reinforced spiral tubing for surveillance

Ivy-Inspired Double-Spiral Gel Fibers with Multifunctional

Flexible sensors with multi-mode sensing capability are highly desired for wearable health monitoring; meanwhile, electromagnetic interference (EMI) shielding is also needed for the special

[Read More](#)

BOENMED® Reinforced Endotracheal Tube

The reinforced endotracheal tube features a spiral wire embedded in the tube's structure, that provides effective resistance to kinking, ensuring that airflow

[Read More](#)

Premier Producer of Fiber in Metal Tubes o NBG Fiber Optics

Innovative, reliable and sustainable Fiber in Metal Tubes. We support the industry with high-quality fiber optic products. Worldwide Customers.

[Read More](#)

Intelligent Distributed Optical Fiber Sensing in Transportation

This design features an inner layer comprising a stainless-steel spiral tube to protect the optical fiber, with parallel steel wires embedded alongside it. The outer layer employs a longitudinally wrapped

[Read More](#)

Spiral Wound Tubes

The possibility to produce multi wall spiral wound tubing allows us to combine inside a single tubing the different electrical, mechanical and thermal properties of each

[Read More](#)

Spiral Tubing , McMaster-Carr

Choose from our selection of spiral tubing, including spiral sleeving, chemical-resistant spiral sleeving, and more. Same and Next Day Delivery.

[Read More](#)

Spiral Wound Tubes

Spiral wound tubing are precision products used in various thermal and electrical insulation applications or to ensure a higher mechanical resistance avoiding any

[Read More](#)

Elevating Airway Security: Wellead Medical's Endotracheal Tube

At the core of our reinforced endotracheal tubes is a spiral wire embedded within the tracheal tube. This innovative design feature provides effective resistance to kinking, preventing

[Read More](#)

Spiral Steel Tube Armored Tactical Fiber Optic Cable 2 4 6 8 Cores

The spiral steel tube armor provides tactical fiber cable extra protection for field operations and complex environments. Preterminated cable available.

[Read More](#)

Multi-fiber Spiral Armored Fiber Optic Cable

This indoor armored tactical fiber has both aramid yarn and spiral steel tube for strength member, which is perfect for anti-rat application. Multiple tight buffered

[Read More](#)

Spiral Reinforced Tubing , Medical Tubing suppliers , OSCO

OSCO can supply spiral reinforced tubing that is constructed with 1 to 17 ends of wire and the angle of the spiral wraps range from 35 degrees to 85 degrees.

[Read More](#)

Fiber Optic Cabling

Fiber optic data transmission is now a primary method of communication, and fiber optic technologies have expanded to include exterior deployments over long distances. To survive a wide range of

[Read More](#)

Intelligent Coiled Tubing Systems: Overview, Research Trends, and

Based on the different telemetry systems, the Intelligent Coiled Tubing technology can be categorized into three systems: Tube-Wire System, Fiber-Optic System, and Hybrid Electric-Optical

[Read More](#)

SPIRAFLEX

The SPIRAFLEX[®] MRT UNI CUFF tracheostomy tube features a spiral reinforcement made of plastic and even allows the use of the tube during magnetic resonance imaging (MRI).

[Read More](#)

Fibre integrated circuits by a multilayered spiral architecture

Fibre integrated circuits created by first preparing circuitry on extremely thin and flexible substrates and then mechanically rolling them up demonstrate microdevice density reaching 100,000

[Read More](#)

Spiral Heat-Shrink TubingTeleflex Medical

The tubing is water resistant, chemically inert, and is produced in a variety of custom sizes with a range of shrink ratios. Spiral heat-shrink tubing is used in the medical

[Read More](#)

OM3 Plenum Armored Spiral Steel Distribution Cable

The fiber core is protected by a Spiral steel tube that offers easy installation and high crush resistance. The plenum armored steel fiber optic cable allow direct buried or aerial installation for indoor or

[Read More](#)

Protective Tubing and Spiral Binding

From standard spiral hoses for office use to flame retardant spiral cable wraps to heat

and chemical resistant cable wraps for industry: Discover our portfolio here.

[Read More](#)

Industry-First Hybrid Technology for Coiled Tubing

Based on the different telemetry systems, the Intelligent Coiled Tubing technology can be categorized into three systems: Tube-Wire System, Fiber-Optic System, and Hybrid Electric-Optical

[Read More](#)

Sustainable Pipeline Systems: Intelligent pipeline integrity system for

This project was designed to assess the feasibility of using helically wound optical fibre as a distributed sensor for fatigue lifetime monitoring and threat alerting system. Current fibre optic pipeline threat

[Read More](#)

Newflex® Spiral Reinforced Standard Duty PVC Tubing

Newflex® Spiral Reinforced Standard Duty PVC Tubing offers excellent product protection, product visibility, and flexibility. Newflex® Spiral Reinforced Standard

[Read More](#)

Spiral tubes , Plastic Fasteners , KITAGAWA INDUSTRIES Product site

KITAGAWA INDUSTRIES Spiral Tube. A variety of Spiral Tube such as Duct or Spiral type are available. Suggestion of selection guide of expected Spiral Tubes is also available.

[Read More](#)

Vacuum tubing, highly flexible PVC, reinforced with wire spiral

Suitable for vacuum levels up to 95% Very smooth inner surface for nearly residue-free material conveying, e.g., granulates Ideal for continuous movement and dynamic applications Highly abrasion

[Read More](#)

Reinforced Tracheal Tubes

Spiral wire-embedded reinforced tracheal tubes designed to provide a reliable airway and prevent tube collapse and obstruction during difficult conditions

[Read More](#)

Spiral wrap tubing

What can spiral wrap tubing be used for? Spiral wrap tubing has two main areas of application: To protect against external influences A tried and tested area of application for spiral wrap tubing is

[Read More](#)

Protective Tubing and Spiral Binding

Protective Tubing and Spiral Binding Protective tubing refers to a flexible tubular wrap used to encase and shield individual cables or wire bundles. It provides an

[Read More](#)

Study on the optimal structure of nonmetallic coiled tubing with cable

Consequently, the design incorporating embedded optical fibers within the reinforcement layer represents the most optimal structure for cable installation. Utilizing this optimal structure, the

[Read More](#)

Technology-Driven Well Integrity Repair Using Hybrid Intelligent

This paper presents a case study detailing an advanced well integrity remediation executed using hybrid coiled tubing technology (HCTT), by integrating both electric conductor and
