

ZTP Thermal & Power

Inventory Micro-module Wall-mounted

Overview

It's a plug and play, totally enclosed and fully integrated solution built in with rack, power & battery, cooling, monitoring and security systems. INVT iSmart can be used in offices, the noise level is around 55dB after the door is closed, equivalent to a quiet office, does not affect work at all. Weidmuller offers a wide range of connectors, service interfaces and cable entry systems to help you make the transition from the inside to the outside of the cabinet simple, secure and convenient. The new RockStar® ModuPlug terminal block modules with PUSH IN connection technology re-inventing the. Thanks to unsurpassed reliability, efficient use of energy, cost-effectiveness, potential for expansion, and sheer power, the modular rack system offers stable data storage along with peace of mind for data center owners who look ahead to the future of their businesses and of the industry as a. With it, independent, non-thinking components such as power, cooling, and IT infrastructures become smart, intelligent, and manageable.
