

# **Kazakhstan surface-mounted electrical box**

## Overview

---

Answer: A European-style electric outlet designed for direct surface mounting with dual EU standard compliance, 16A rating, and 250V voltage tolerance is ideal for homes in EU, Russia, Ukraine, and Kazakhstan because it meets regional electrical safety standards, supports. The electric distribution box is an essential component for power management and safety in residential, commercial, and industrial facilities. In Kazakhstan, a country with a rapidly growing industrial and energy sector, the demand for advanced, reliable electrical distribution equipment is on the rise. The offer consists of watertight boards (in technopolymer, fibreglass-reinforced polyester, metal and stainless steel), junction and connection boxes (in technopolymer and metal) and. The cans are made of PP, a material that shows high chemical resistance, especially at room temperature.
