

Latest Prices for China-Europe Optical Cable

Overview

China's benchmark fiber optic price has surged over 400% since May 2025, hitting a new all-time high. CRU provides comprehensive, accurate and up-to-date price assessments and research reports for bare optical fibre across various key regional markets, combined with insights into the factors and events affecting markets. Based on our observations and market communication with upstream suppliers, the single-mode fiber market in China has experienced an unprecedented price surge in the first two months of 2026. Chinese fiber optic cable suppliers have become a formidable force in the global fiber optic cable market, leveraging their exceptional cost-effectiveness, continuous technological innovation, reliable product quality, extensive product lines, and robust production and supply chain capabilities.
