

Latest labor cost for laying cables in cable trays

Overview

TL;DR: Installation labor accounts for 40-60% of total wireways and cable trays price, with surface-mounted systems costing \$8-15 per linear foot in labor versus \$12-25 per linear foot for suspended installations due to increased complexity and safety requirements. Cable tray installation cost per meter varies by specifications; GangLong Fiberglass offers kits for raised floor system and facility needs. Cable trays are vital in electrical installations, providing secure pathways for power, communication, and control cables across residential, commercial, and industrial settings. Cable trays will tend to be significantly less expensive to use in 2026 than metal pipes due to their faster installation.
