Diablo 400 Project: Rack and Power

There shall be a single zone vertical 3 conductor busbar in the rack that distributes +400, -400 and Common. The busbar shall be designed to support up to 1.1MW average load power.

Catalog Extract LV 10 · 10/2022

Our busbar systems for electrical installations offer a particularly easy way of fitting distribution systems with electrotechnical components. The modular design saves space, while quick assembly contacts
