

Mozambique Micro-Module Data Center Company

Overview

Raxio Mozambique is the country's first carrier-neutral Tier III data centre facility and will be a critical feature of the country's evolving digital infrastructure, helping accelerate the country's demand for digital tools and services across industries. Maputo, Mozambique - May 28, 2024 - Raxio Group, a pioneer in the development, implementation, and operation of large-scale, Tier III, Carrier-Neutral Data Centers across Africa, inaugurated today Mozambique's first Tier III data centre, Raxio Data Centre, LDA, at MozParks' Beluluane Industrial. Pan-African operator Raxio Data Centres has opened a facility in Maputo, Mozambique. The company delivers colocation, data center, and connectivity services designed to support enterprises, service providers, and digital platforms operating within Mozambique and the.
