

Mozambique Outdoor Explosion-proof Distribution Box Model

Overview

BXM (Explosion Proof) Distribution Box is a standard distribution box for Heat Trace Cable b of electricity antifreeze, using a hanging or vertical box structure, power cable entry at the bottom of the box, IP54 protection Level, a variety of air circuit breakers are. Atexdelvalle offers world-class explosion-protected solutions guaranteeing highest quality and performance with no compromise. Manufacture custom made Local Control Stations & Distribution Boxes, local control panel boards and stations, explosion protected control units, distribution. Options range from Ex d (flameproof enclosure) to Ex e (increased safety) and Ex i (intrinsically safe) right through to Ex p (pressurized housing), as well as combinations of different explosion-protection types – always bearing in mind the most efficient solution for your application. Explosion-proof circuit breaker (MCB) box Manufacturers ● It is energy-saving and environmental protection which the power consumption is only 19% of the same brightness of incandescent lamp. The HCXGW-12 outdoor high-voltage ring main unit is a complete set of electrical products developed by summing up the experience of safe and reliable operation of switch-equipped branch boxes and combining with the technology of distribution network automation system.

Mozambique Outdoor Explosion-proof Distribution Box Model

Explosion proof Enclosures and Distribution Boxes
