Patch Panels: A Complete Guide

What Is A Patch Panel? Components of A Patch Panel Patch Panel vs. Switch Buying A Patch Panel Patch panels and network switches are somewhat interchangeable in that they both achieve the same aim of connecting different networked devices together. However, switches tend to be smaller, offering a more limited port selection, aren't typically rack mountable - although some top-of-rack switches do exist - and they are usually more expensive, w See more on cabledmatters Docusnap
