

New Zealand Data Center Cold Aisle IP65 Installation Solution

New Zealand Data Center Cold Aisle IP65 Installation Solution

Cold Aisle Containment

The aisle containment system is a modular row-based thermal containment solution, which separates cold and hot data center air streams to and from equipment. It

[Read More](#)

Maximize Data Center Efficiency

Designed to be used in either hot or cold aisles, hard partitions are custom-sized for every job to ensure air leakage is minimized. Lightweight, cost-effective, and attractive looking, hard partitions come pre
