

# **Oman Bending-Insensitive Fiber Optic Cable 24 Cores**

## Overview

---

These compact, lightweight cables are extremely flexible and are quick and easy to install. Box: 5, PC: 124 Al Rusayl Muscat, Sultanate of Oman Phone: +968 2444 1000 Fax: +968 2444 1099TMT Global Technology LTD aims to provide the best quality products r Structured Cabling Systems Copper And Fiber Optics Range Access Control Systems Gate Automation Lighting Control Systems Pir Motion Sensors UHF Long Range Readers Automatic Parking Solutions SMATV Systems Audio Video Intercom. Offering unique properties and benefits for different types of use, 24 core fibre optic cable om3 Multimode indoor outdoorExcel OM4 50/125 µm loose tube optical fibre cables have been designed specifically for internal and external applications. Apart from the OM1 type, all of them are bending-optimized fiber incorporating technology to deliver enhanced macro-bending performance produced by a unique Plasma Chemical Vapor Deposition. Bend-insensitive fiber is an optical fiber engineered to minimize bending loss through a trench-assisted refractive-index profile that keeps light confined even when fibers route tightly.
