

Optical Cable H Box

Overview

Sun Telecom's SUN-ODN-H fiber optic distribution box is light and compact, especially suitable for protective connection of fiber cables and pigtails in FTTH. Riteoptic fiber optic cable joint box provides optical, sealing and mechanical strength of the continuity between adjacent fiber optic cable connection protection device. According to the structure can be classified into the dome (vertical) and horizontal (half) two kinds of cable splice closure. Active Optical Cables (AOCs) fundamentally change high-end AV by delivering ultra-high-bandwidth signals over long distances, solving a challenge that copper simply cannot meet.
