

# Optical Cable Papua New Guinea Branch

## Overview

---

The 4700 km Coral Sea Cable System is a 40Tbps submarine fibre optic cable that brings next-generation connectivity to the people of Papua New Guinea and Solomon Islands. It directly connects Port Moresby in PNG and Honiara in the Solomon Islands to the global internet hub of Sydney. Cetelnet is proud to be a trusted fiber optic supplier Papua New Guinea, offering high-quality materials, expert consultation, and end-to-end infrastructure support to telecom operators, government agencies, and private enterprises. We offer high-speed, reliable and secure internet access, data transmission and cloud services through our extensive network of fiber optic cables and equipment.
