

ZTP Thermal & Power

Outdoor constant temperature cabinet cold aisle high temperature resistant manufacturer

Overview

We design and manufacture electrical cabinets for areas with extreme temperature conditions, both in high temperature +250°C and in low temperature -60°C; ours cabinets are prepared for a high humidity concentration or a very dry environment, with the guarantee that. Our temperature-controlled electrical cabinets feature weatherproof, waterproof designs for 19" server racks, fiber distribution & cell tower equipment. Are you looking for a fast, secure and flexible outdoor enclosure solution?

The intelligent modular system comprising enclosure and climate control components offers you a multitude of choices for configuration of an individual outdoor solution. We provide advanced climate controlled systems designed for diverse needs, offering reliable performance from -22 and +131 Fahrenheit (-30°C to +55°C) with constant temperatures of +/-1 K. Manufactured from food-grade 316 stainless steel, it offers excellent resistance.

Outdoor constant temperature cabinet cold aisle high temperature

Extremely cold climate

Thermal efficiency is a paramount consideration when choosing enclosures to protect outdoor instrumentation and control equipment in extremely cold
