Port Works Design Manual Hong Kong

Official guide for marine works design in Hong Kong, covering environmental, geotechnical, and loading standards for coastal structures.

[Read More](#)

Port Works Design Manual Part 1: Marine Design Guide

A comprehensive design manual for marine works, covering environmental, operational, geotechnical, and loading considerations.

[Read More](#)

Detailed structure of a double-loop pigtail catheter. (a)

Upon closer examination, it can be observed that the pigtail loop in the middle is a structure that can be secured using a thread. from publication: Double-Pigtail
