

# **Plugs for Telecommunication Fiber Optic Cables**

## Overview

---

Fiber optic connectors are used to connect two runs of fiber optic cable and consist of an adapter assembly and two plugs. The most popular versions include snap-in Lucent Connectors (LC connectors), push-on Square Connectors (SC connectors), and twist-on Straight Tip Connectors. A fiber optic connector is a mechanical device used to align and join optical fibers, enabling light to pass through with minimal loss. Mouser offers inventory, pricing, & datasheets for Plugs Fiber Optic Connectors.
