# **Price range of busbar cable trays in the United States**

## Overview

---

Steel wireway systems typically fall in the \$8-20 per foot range, while aluminum variants command premiums of \$12-30 per linear foot due to corrosion resistance properties. Fiberglass cable trays, favored for harsh industrial environments, carry the highest material costs at. Panduit E1 Series - Premium aluminum systems at \$8-12 per foot with superior corrosion resistance T&B Copperfield - Mid-range steel options at \$4-7 per foot with standard configurations Carlon NEMA - Budget-friendly PVC solutions at \$2-5 per foot for light-duty applications Atkore HellermannTyton -. Prices are significantly lower, reflecting bulk purchasing and direct manufacturing. From copper busbar and aluminum busbar options to insulated busbar and busbar trunking systems, our Busbar Products Pricing Guide helps you balance quality, durability, and budget to make the right choice. These companies lead in innovation, technology, and global competitiveness, employing advanced techniques and contributing significantly to the national economy.
