## **PLTS Qatar -- Providing Engineering Services and Solutions for**

With strong expertise in power systems, MEP, and infrastructure, we deliver reliable and efficient solutions tailored to the unique requirements of each sector.

## **Final draft of deliverable D.WG3-02-Smart Energy Saving of 5G Base Station**

The AI-driven network energy saving solution can forecast the traffic load of base stations based on historical traffic load, service type, site coverage and user behaviors.

[Read More](#)

## **Base Station Energy Storage**

A base station energy storage system is a compact, modular battery solution designed to ensure uninterrupted power supply for telecom base stations. It supports stable operations during grid
