

Revit cable tray accessories colors

Overview

Add view filters for the different cable trays -> Add the filter in the view -> Set the surface pattern as Solid Fill and set the color. Also the question is, how do you change the color of a model in Revit?

Go to File in the top left. We can apply cable tray material in **MANAGE>OBJECT STYLES> CABLE TRAY & CABLE TRAY FITTING** (For all types). Fire Alarm red, Lighting cables blue etc For pipework I usually create Pipe Systems and assign each system a colour in the graphics overrides option, then add the pipe to that system, giving me different colours for different.
