

# **Romanian manufacturer of LPO aggregation switch**

## Overview

---

Electroaparataj is the main Romanian manufacturer of low voltage protection and switching devices, as well as wiring accessories. Since 1994, EUROSIC – an independent Romanian company – is active in the field of LOW VOLTAGE electrical engineering. - up to 6300A, ELECTROTEL concept - TTA Including LV, MV, Distribution, Data gathering and transmission compartments. 5G, and 10G speeds for flexible customization, ensuring optimal performance, compatibility, and scalability Flexible interface options like copper, fiber, and PoE ensure seamless integration and cost-effective deployment Supports stacking for easier management, improved redundancy.

## Romanian manufacturer of LPO aggregation switch
