

SIS System Cabinet UPS Power Supply

SIS System Cabinet UPS Power Supply

DeltaV CTO SIS Cabinets

DeltaV CTO SIS Cabinets provide a pre-designed, off-the-shelf solution for DeltaV SIS LS CHARM I/O system, assembled in industry standard cabinets, ready to be installed on-site and connected to the

UPS Solutions

Automatic switching from mains to backup power
Fault and status reporting
Extended operational time
Battery type
When mains power is present the UPS system maintains the charge in the batteries at an optimum level, helping to maximise battery life. In the event of a power failure the system switches transparently to the backup batteries without interrupting the power to the traffic controller, ensuring there is no disruption to normal traffic control.
