

ST optical fiber pigtail

Overview

We supply ST fiber optic pigtails, including the single mode and multimode types. These fiber pigtails are most commonly made with 900µm tight buffer cable and are available in multi-color 12 pack of ST Pigtails. Fiber optic pigtails are designed to support fusion and mechanical splicing for fiber cabling systems. Get the wrong connector type, the wrong polish, or skip proper fusion splicing technique—and you're looking at elevated signal loss, increased back reflection, and a.
