

Sales of optical modules for communication equipment

Overview

The global optical modules market size is anticipated to grow significantly from its 2023 valuation of approximately USD 8. This robust growth is driven by the increasing demand for high-speed communication networks, the expansion of data cen. The market is segmented into several form factors, including SFP (Small Form-factor Pluggable), QSFP (Quad Small Form-factor Pluggable), CFP (C Form-factor Pluggable), and oth.
