

# **Site Investigation Plan for High-Speed Railway Optical Cable Laying**

## Site Investigation Plan for High-Speed Railway Optical Cable Laying

---

### Presentation

Before start of the work a careful route analysis to be done to assess the method of laying the OFC. It should be done before preparing the estimate. Preliminary survey should be carried out for finalizing

### Route Planning for Optical fiber cable laying

Route Planning for Optical fiber cable laying It is recommended that a survey of the cable route should be conducted. Manholes and ducts should be inspected to determine the optimum splice point
