

South Korean Fiber Optic Sensor OEM Manufacturer

Overview

Since its inception in 1995 at the Korea Advanced Institute of Science and Technology (KAIST), FIBERPRO is Korea's sole specialist company for fiber optic sensor technology, providing innovative solutions based on original technologies for the optical measurement and sensor market. #234, Mojeon 1 gil, Seonggeo-Eup, Seobuk-Gu, Cheonan-City, Chungnam, Korea 31042 TEL : +82-41-587-9911 / FAX : +82-41-587-9916 E-mail : fiber-optic@fiber-optic. With over 30 years of accumulated experience and proprietary technology, the company focuses on providing. As per Market Research Future analysis, the South Korea fiber optic sensor market size was estimated at 76. Telecommunications equipment / Equipment for fibre optic networks / Fibre optic sensors IR Receiver Sensor Modules, Fiber Optics Module, Optical Sensor, High Power LEDs. LED Modules, LED Solar Sign System Enlargement equipment, cinematographic laboratory. The sensor contains a light source (transmitter), typically an LED, and a photodiode (receiver). is a reliable manufacturer of ATS Controller and provides international trade distribution services wide range products business areas include power equipment, electrical system, 500 kinds general industries which composed.
