

Stick optical module

Stick optical module

GPON OLT Stick SFP 2.5GTx/1.25GRx Optical Module

A GPON OLT Stick SFP module is a compact, hot-swappable module that integrates both the optical transceiver and essential OLT functions--such as protocol

[Read More](#)

Optical module

Optical modules can either plug into a front panel socket or an on-board socket. Sometimes the optical module is replaced by an electrical interface module that implements either an active or passive
