

The power distribution box suddenly made a noise

Overview

While a faint hum is often normal, louder buzzing, sizzling, or sparking noises may indicate serious issues that require immediate attention. Loud Sizzling Noise and Spark There are plenty of reasons why you hear that electrical box humming noise. Issue: Is it common for a breaker to make a buzzing noise?

It is buzzing under certain loads. Resolution: Operational noise has been a question for a long time and it is generally a stacking up of factors which by themselves go unnoticed, but which together are noticed. Your home's electrical panel, also known as a breaker box, is the central hub that distributes electricity to power your lights, appliances, and devices.
