

Tunisia 576-core optical fiber junction box

Overview

576 core outdoor waterproof dome optical fiber junction box wall/pole mounting has 16 circular cable entry hole and one oval hole, adopt the heat shrinkable seal, Can be used for aerial, pole and wall mounting; Good sealing performance, simple installation, it is the best. The latest arrival smc floor-standing 576-core outdoor optical distribution box in 25 years, supports three networks/four networks in one, sc/fc dual interface compatibility, ip68 protection level, corrosion resistance and high temperature resistance Suitable for use by property management. SEESUO 288-576 cores cabinets are suitable for optical transmission network and the optical access network, to realize the connection and dispatch of the trunk optical cable and distribution optical fiber. The cabinet is with excellent performance, safe and reliable, flexible scheduling, and is.
