

Uruguay electrical distribution box installation price

Overview

Typical residential installations or replacements range from \$600 – \$2,000 (most between \$1,000 – \$1,400), with 200A-rated and outdoor-weatherproof units positioned at the higher end. Understanding distribution box cost involves examining the comprehensive investment required for electrical distribution systems that serve as crucial infrastructure components in residential, commercial, and industrial settings. These retail prices were collected in September 2025 and include the cost of power, distribution and transmission, and all taxes and fees. New panel box pricing typically ranges from about \$150 to \$1,900 for parts and labor, with most residential projects landing between \$450 and \$1,500 depending on amp rating, gauge of wiring, and labor complexity.
