

Vertical cable tray T-junction

Overview

The Vertical T Cable Tray is a durable and versatile solution for managing and protecting cables in vertical branching systems. Its robust construction and practical design ensure efficient cable routing in various industrial and commercial installations. Manufactured from high-quality GI, Hot Dip Galvanized, Powder Coated, and Stainless Steel materials. With our many years of experience, we are one of the leading manufacturers in this field. ASP offers cable trays in "T", "Y" & "X" shaped junctions, 45° & 90° vertical and horizontal turns, as well as straight runs.
