

Warranty warranty for SFP optical module QSFP28

Overview

Refunds will be received about 5 business days after the receipt of returned items. The 100G QSFP28 optical transceiver are designed according to SFF-8665 standard which specifies QSFP+ 28 Gb/s 4X Pluggable Transceiver Solution (QSFP28) for 100 Gigabit Ethernet. Cisco ® QSFP28 100G ZR extends 100GbE coherent links from QSFP28 ports reaching up to 80km over dark fiber and up to 300km over amplified Dense Wave Division Multiplexing (DWDM) links. Failing to verify FEC (Forward Error Correction) alignment before deployment guarantees a weekend lost to baseline troubleshooting. Furthermore, inserting an uncoded, third-party module into a locked-down switch platform ensures the port remains completely inactive. Shop now! 10Gtek's automatic assembly line, assures the consistency of manufacture under the process of laser cutting, aluminum shielding stripping, isolator stripping, automatic reshaping, automatic soldering and ultraviolet ray curing.

Warranty warranty for SFP optical module QSFP28

100G QSFP28 / SFP-DD Modules and Cables FAQ , FS

If you already own an FS 100G optical transceiver module, it comes with the same 5-year warranty as top brands, along with a 30-day return and exchange policy, ensuring you the most reliable after
