

Waterproof fiber optic cable laying in Tajikistan

Overview

Tajik government announced in summer 2025 that it laid 108 km of fiber optic line to China to improve internet speed and reduce costs. On behalf of the Founder of National Peace and Unity, Leader of the Nation, President of the Republic of Tajikistan, the Honorable Emomali Rahmon, the Communications Service is laying fiber optic cables on roads under construction. Tajikistan has a total of four terrestrial fiber connections via Uzbekistan, the Kyrgyz Republic, and Kazakhstan that all link to different points of the Frankfurt-Shanghai Trans-Asia Europe (TAE) cable that runs through Russia. 6Wresearch actively monitors the Tajikistan Fibre Optic Cables Market and publishes its comprehensive annual report, highlighting emerging trends, growth drivers, revenue analysis, and forecast outlook. Our insights help businesses to make data-backed strategic decisions with ongoing market.
