

What are some overseas optical module manufacturers

Overview

In 2023, Innolight (ranked 1st), Huawei (ranked 3rd), Accelink (ranked 5th), Hisense Broadband (ranked 6th), Eoptolink (ranked 7th), HG Genuine (ranked 8th), and Source Photonics (ranked 9th). The latest data shows that Xutron Technology and II-VI acquired Finisar, the leading optical module company, and tied for the first place in optical module market share in 2021, which is also the first time for a domestic vendor to reach the top of the list. This section provides a list of the top 10 Optical Module manufacturers, Website links, company profile, locations is provided for each company. By knowing the best options, you can ensure quality and reliability in your projects. Recently, LightCounting, a market research institution in the optical communication industry, released the latest version of the 2023 global optical module TOP10 list.

What are some overseas optical module manufacturers

Top 24 Optical Materials Companies

Crystran Ltd, founded in 1993 and based in Poole, England, is a manufacturer specializing in optical materials and precision optics. The company produces a
