

What are the accessories for a straight-line optical cable

Overview

Common fiber optic accessories include connectors, adapters, patch panels, and strain relief hardware. Depending on design, OPGW (optical ground wire) is specifically designed for the special requirements of fiber optic overhead cables. We have been developing fittings for fiber data transmission in such cables takes place via modulated. The preformed fiber optic suspension hardware kit is used to fix the conductor in the insulating cord of the straight line tower, or to hang the lighting cable on the straight line tower.

What are the accessories for a straight-line optical cable

Fiber-optic cable

A fiber-optic cable, also known as an optical-fiber cable, is an assembly similar to an electrical cable but containing one or more optical fibers that are used to carry
