

## Overview

---

The Secondary Distribution Box (SDB) is provided in powder coated black finish. Wiring color codes are the wires' colors used to connect electrical devices and circuits. The IEC 60446 standard, "Basic and Safety Principles for Man-Machine Interface, Marking, and Identification," establishes global guidelines for identifying electrical equipment terminals, conductors, and wiring colors. Using the correct wiring color codes is crucial for identifying line, neutral, and ground wires, which saves time, simplifies maintenance and troubleshooting, and ensures the safety of.
