

**ZTP Thermal & Power**

# **Which HS code does the transimpedance amplifier belong to**

## Overview

---

The amplifier HSN code is 85184000, covering all audio-frequency electric amplifiers. Indian importers must declare this on GST invoices, with duties around 18% GST plus 10-20% customs duty depending on origin. multi-component integrated circuits); Examples: - Op-amp IC (operational amplifier) - Audio power. The Harmonized System (HS) code is a standardized numerical method developed by the World Customs Organization (WCO) to classify traded products. It uses a 6-digit global structure, with countries extending it to 8-10 digits for national tariffs (e. The Harmonized Tariff Schedule of the United States (HTS) sets out the tariff rates and statistical categories for all merchandise imported into the United States.

## Which HS code does the transimpedance amplifier belong to

---

### HS Codes , amplifier , Harmonised Code , Harmonize Tariff Code

amplifier HS-codes is specialize in providing harmonized tariff numbers and commodity codes. Visit us online to get the various hs codes and commodity description.
