Development of fibre-reinforced composite disk for

Ten posts for each type of disk were prepared. Two types of commercial fibre posts, RelyX fibre post, and FRC PostecPlus were used as

[Read More](#)

Yemen

The Yemen completed its TNA process in 2024 as part of the TNA IV project. It has decided its priority sectors and technologies for both mitigation and adaptation. Over the

past years, the country

Yemen Natural Fiber Reinforcement Materials Market (2025-2031)

6Wresearch actively monitors the Yemen Natural Fiber Reinforcement Materials Market and publishes its comprehensive annual report, highlighting emerging trends, growth drivers, revenue analysis, and

[Read More](#)

Development of fibre-reinforced composite disk for computer-aided

The purpose of this study was to evaluate the flexural properties of CAD-CAM milled posts fabricated from the experimental fibre-reinforced composite disks, and to compare the flexural

Yemen Fiber Reinforced Plastic Recycling Market (2025-2031)

6Wresearch actively monitors the Yemen Fiber Reinforced Plastic Recycling Market and publishes its comprehensive annual report, highlighting emerging trends, growth drivers, revenue analysis, and

[Read More](#)

Displacement and Stress Fields in a Functionally Graded Fiber

Displacement and stress fields in a functionally graded (FG) fiber-reinforced rotating disk of nonuniform thickness subjected to angular deceleration are obtained.
