

Zxf distribution box

Overview

The boxes are made of cold-rolled steel or stainless steel, have an IP55 rating, and come in various standard sizes from 200x200x150mm to 1800x1000x300mm. Low voltage distribution box-JXF series Overview JXF Series distribution box is a kind of distribution equipment with various control functions assembled based on the type, specification and quantity of components. To order such indoor box, a letter "R" is specified when ordering; to order the concealed box sized 250 x 200 x 140, the order number is JXF252014R. We will present the performance, safe operation methods, and technical parameters of JXF low-voltage distribution box 1.
